Dear Sister and Brother Workers of the VKR Group,
Dear Sisters and Brothers of the Trade Union NSZZ Solidarność,

I am writing to you on behalf of the Trade Union Unia, which represents Construction workers in Switzerland.

Several of our members work for Dovista Switzerland, part of the VKR group. We strongly support your aim of creating a European Works Council within the VKR Group so that workers are duly informed and consulted by management on the progress of activities and on any significant decisions at European level that could affect their employment, wages and working conditions. We have had enough of decisions that affect workers without involving them. It's time to put an end to business practices that treat workers as production tools to be used or discarded according to corporate strategies.

We stand in solidarity with you, dear Sisters and Brothers workers of the VKR Group and dear Sisters and Brothers of NSZZ Solidarność.
